

PROUD WINE ENTHUSIASTS

Our wine list has been very carefully crafted to offer a wide selection of wines that suit the menu but also offer the opportunity to discover little known gems which are rarely seen on other restaurant lists outside London.

We work with carefully chosen suppliers and top wine experts who have brought some unique and exciting wines to our new selection.

There is a broad range of classic wines from both the Old World and the New, representing many different varietals and regions across the globe.

Many of our wines are unique to Allium in the South West and we have parcels of top award winners that set our list apart as exceptional, part of the reason we won the "Imbibe hotel wine list of the year" in 2014 & 2015

Our list is extensive so we have chosen to sort by style of wine rather than country to help you choose the type of wine you most enjoy.

Each wine has personalised tasting notes, which we hope are informative, interesting, enjoyable and help you to make your selection.

The Front of House team are on hand at all times to answer any questions and provide first hand, knowledgeable advice.

We also offer an extensive 'wine by the glass' selection which have been chosen, to give you the opportunity to taste and discover some of the newer less familiar wines.

Our by the glass selection will be frequently refreshed, to bring our newest and most exciting discoveries to our guests' attention.
